DIGITAL AWARENESS AND CYBER SAFETY IN SOCIETY

Community Engagement Program (CEP)

Course Code: ES1311L

Date of Presentation: 27/03/2026

By : Satyajeet Bhandwale & Team

About Our Team

1. Aditya Mhaske : RBT25ME22

2. Parsh Gugale : RBT25ME22

3. Pranav Vyavahare : RBT25ME35

4. Satyajeet Bhandwale : RBT25ME38

Problem Statement

- In today’s digital world, many people use smartphones and the internet without proper knowledge of cyber safety. This leads to problems like online fraud, hacking, phishing attacks, and data theft. Rural areas especially lack awareness about safe digital practices.

Introduction

- Digital awareness refers to the ability to use digital tools and technologies effectively. Cyber safety means protecting personal information and avoiding online threats. With increasing internet usage, it is important to educate people about safe and responsible digital behavior.

Objectives

- To create awareness about digital usage
- To educate people about cyber threats
- To promote safe internet practices
- To reduce cyber crimes

Benefits to Rural Community

- Helps villagers avoid online fraud
- Improves digital literacy
- Enables safe online banking and payments
- Increases confidence in using technology

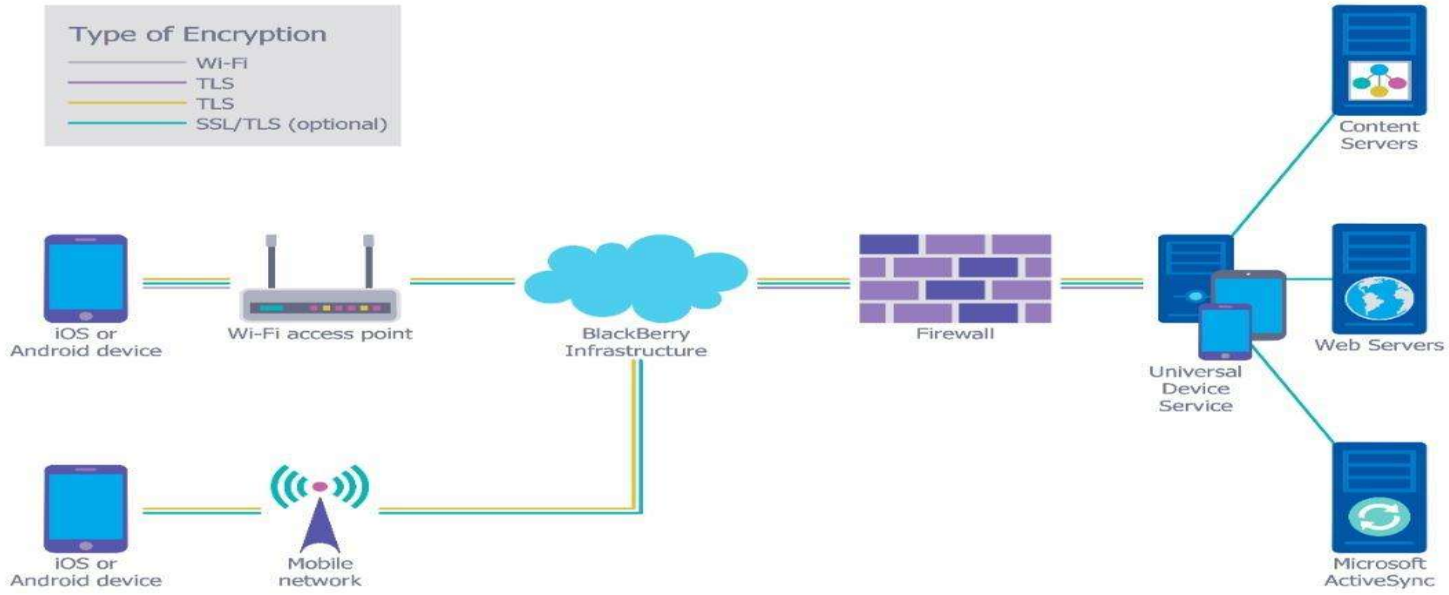
Literature Survey

Sr No.	Research Paper.	Contribution.	Gap.
1.	Cyber Safety Study	Explained cyber threats	Rural awareness low
2.	Digital Literacy India	Importance of awareness	Implementation gap

Circuit Diagram (or System Diagram)

- Description:

The system ensures secure communication using basic protection methods like passwords and firewalls.



Prototype Description

We created awareness through:

- Posters on cyber safety
- Explaining strong passwords
- Teaching people about online fraud prevention
- Demonstrating safe internet usage

Expected Outcomes + Conclusion

- Expected Outcomes:
- Increased awareness about cyber safety
- Reduction in online fraud
- Better digital literacy
- Conclusion:Digital awareness is essential for safe internet usage. Educating people can create a secure and responsible digital society.

Future Work

- March: Research & data collection
- April: Awareness campaign
- May: Final submission

THANK YOU!
